- ✎ OWN DISTRIBUTION ON MIDDLE EAST

OUR MARKETS

WE ARE GLOBAL:
WE SERVE AROUND 16 COUNTRIES.
WE OFFER SEVERAL SOLUTIONS FOR
INTERNATIONAL BUSINESS AND TRADING.

The activities of the TAUNSA Group began in Araçatuba / SP, in 2008, with the creation of Taunsa Agropecuária, initially the company was limited to dairy production. Soon, its activities were expanded, within an entrepreneurial vision of its founder - Cleidson Augusto Cruz. Realizing the transformation of the world scenario in the segment of grains and the growing expansion of soy planting in Brazil, TAUNSA started its activities in agriculture from the acquisition of land in the state of Mato Grosso. With this, it was possible for TAUNSA to acquire expertise in the planting, storage and trading of soybeans and corn in the country and in West African countries. Currently, TAUNSA is made up of four major areas of agribusiness: Commodities, Agriculture, Agroform and Trade, operating in a safe and profitable manner, with social and environmental responsibility, in its activities in national and international markets, providing products and services suited to needs of its customers and contributing to the development of agribusiness in Brazil and in the countries of its customers.

MISSION

To act in a safe and profitable manner, with social and environmental responsibility, in the activities of Agribusiness both in the national and international markets, providing products and services suited to the needs of the client and contributing to the development of Brazil.

VISION

To be a reference company in the development of sustainable Agribusiness.
